

# Long Sleeve Shirt Program

In the recent years, Therapy Solutions Inc. recognized that not all of the families of students we see can afford long sleeve school uniform shirts for the cold winter months. Many of the children in schools we serve start off the year with a fresh clean uniform shirt and some of the students wear the same shirt all year long. When winter comes along these shirts can become worn, stained, and not warm enough when it is cold but some families do not have enough money to purchase new shirts. In an effort to help these children and families, we started the Long-sleeve Shirt Program. With the help of Beneficial Bank and a Therapy Solutions provider fundraiser, we were able to donate over a hundred long sleeve uniform shirts to students at **Russell Byers Charter School, Southwest Leadership Academy, Roberto Clemente Middle School, and SW Mitchell Elementary School**. The response to this initiative was overwhelming and we received requests for over 500 shirts. We hope that we are able to provide even more students with shirts next year!

Here are some pictures from the Long-Sleeve Shirt Program
